Dear Parents of OHS Fall 2014 Student Athletes:

I hope this letter finds you happy and healthy as we are in our summer break mode and getting ready for the upcoming academic year and the Fall Sports Season! Another academic quarter is upon us and with that comes our 2014 Fall athletic season. This year it is important that we meet to educate you on the mission of our athletic program and ensure you are clear on our program expectations and the State and CIAC regulations that we must adhere to.

I feel very fortunate to serve the students and community of Oxford High School as the director of athletics. Athletics plays an integral role in the development of the students in Oxford High School and I am proud to lead this program and continue to advance and develop on its early success. The athletics program at Oxford High School is complementary to the school system's central academic mission and must play a proportionate role in the daily academic life of your child.
