Since September 2019, an estimated one billion animals have been killed and 15.6 million acres have burned in the worst bushfires Australia has ever seen. Many of these animals are endangered species and have lost their habitats, such as the Koala Bears.

The Oxford High School Student Council will be selling **Keychains for Koala’s** for $5 (Shown below). All proceeds will benefit wildlife rescue and habitat rehabilitation efforts in Australia.

If you are interested in purchasing one please complete the form below and return to your student’s teacher no later than **FRIDAY, JANUARY 31**.
